

Wairoa District Council

Electing 6 Councillors

Hine Beth FLOOD

Independent

My principal place of residence is in the Wairoa District Council area.

I am standing for re-election to represent the people of Wairoa, this place our home. I believe local governance has to be resilient to take Wairoa through the next three-year term. This will give Wairoa the reassurance and demonstrable leadership necessary to continue to shape its future.

I believe that 'sound' leadership is mandatory to guarantee that the people of Wairoa and its future generations are at the forefront of local governance.

I have been outspoken on decisions that were not favoured at the Council table, but which would impact negatively on our constituents and I make no apology for it because that is what you, our 'voters', should expect of leadership.

It is a precious responsibility to govern at the local level and I am a candidate who will represent from the grassroots where reality lives, to hold local government and stakeholders accountable.
