

Wairoa District Council

Electing 6 Councillors

Jeremy HARKER

Independent

My principal place of residence is in the Wairoa District Council area.

I have extensive experience in leadership, management, and governance gained from 28 years in the NZ Army, as a Director on the Health Hawke's Bay Board, and as a Wairoa District

Councillor.

I am actively involved in the Wairoa community through JAB Rugby, Athletics and CACTUS.

My vision for Wairoa is that it is a well-connected, positive, forward-thinking community that fulfils the potential that this district has by engaging with businesses, other local authorities and central government to boost economic resilience. This requires key decision makers to listen to the community and work hard, ensuring that they are fully informed when making those decisions.

I am passionate about Wairoa's future and will ensure good decisions are made that will benefit all of Wairoa in the long term.

I am married to Paula Couper and have three school-aged sons and we are grateful for the remarkable lifestyle Wairoa offers us.
